KDHS HAS GROWN

GOSS, writing in the "Zionist Record," recently discussed Education in South Africa and commented on the growth of KDHS.

ed in his article the spirit and enthusiasm of the year, during the competitions, were high. We were placed second at the year, during the competitions, were high. We were placed second at the year, during the competitions, were high.

Year	No. of classes	No. of Matriculants
1964	5	—
1969	7	8
1975	10	15
1980	16	12
1985	20	38
1990	23	71
1995	24	54
2000	24	101

ere 108 matriculants from Mr. Goss observes. Of (a per cent) are studying various faculties; and 18 to become Government rs (at the Normal College

and athletic competitions.

● We retained the netball, walking, Rugby and tennis cups; and finished second to Maccabi in the cross-countries and in the athletics. Well done, Maccabi!

We must also congratulate Bar Kochba, who beat us by a very wide margin in the gala.

Our captain of athletics, Anthony Sandler, was awarded honours. The award was well merited as he has done much to improve the standard of our athletics.

Stanley Lipschitz gained Rugby colours; and Whyllis Fluxman and Billa Grace were selected to represent Southern Transvaal at netball. Our congratulations to all; they brought honour to Weizmann and the School.

● Finally, our sincere thanks to the teachers who gave us co-operation, support and encouragement throughout the year.

Bar Kochba Bulletin

House Captains: Dawn Abrams, Archie Abrams.

BAR KOCHBA did not achieve as much this year as in previous years, though we did retain several trophies.

In the inter-house gala, we again made a clean sweep, winning by a wide margin. Congratulations to Lynne Muller, who attained swimming honours, and who swam for Southern Transvaal.

● We again proved masters at hockey, winning both the boys' and the girls' events. A pat on the back for David Harris who became the first boy ever to win hockey colours at KDHS.

At tennis, we were narrowly beaten by Weizmann (the eventual winners) and by Maccabi.

A superior Weizmann Rugby side defeated us narrowly, but not before we had thrashed Maccabi!

In spite of several victories in the cross-countries, walking and athletics, we were unable to win any trophies, but Shirley Abelheim and Archie Abrams gained athletic honours. Archie was Victor Ludorum. Well done!

We lost narrowly to Weizmann in a neck-and-neck netball series. Dawn Abrams and Carol Matus were selected for Southern Transvaal Schools, and awarded honours.

All honour, too, to Carol Matus—Head Girl for 1963!

● Our appreciation to the other houses for the spirit in which the interhouse sports were conducted; and our gratitude to our housemasters and housemistresses for their co-operation and help during the year.

RUGBY 1ST XV.—Back row: A. Apter, R. Sber, E. Ipp, L. Sackstein, A. Hoffman, R. Miller, G. Camberg, R. Davis. Middle: B. Rudy, J. Levin, J. Phillips, S. Lipschitz, J. Katz, S. Goldberg. Front: A. Sandler, M. Fisher, Mr. W. G. Jordaan, J. Kahan (capt.), Head, A. Abrams, I. Finger.

BILINGUAL AND TRILINGUAL DISCUSSIONS

Debaters make progress

AFTER a period of inactivity, the Debating Society started the year with a bang. Derek Polonsky was elected chairman; Julian Katz vice-chairman; and Alan Apter secretary.

Subject of the first debate was, "Does school spirit serve any purpose?" The motion was carried after hectic discussion (with Mr. Sandler's aid!).

"Western Civilisation is on the decline." Yes, it is!—for that was the conclusion of the second debate.

Elizabeth Gluckman and Derek Polonsky represented us in our first public debate, against Parktown High Boys and Girls combined. The subject was: "The good effects of science outweigh the evil." and although we were "slightly" outvoted, the debate was a tremendous success. Elizabeth made her mark as one of our best speakers.

The final debate of the term was: "Our religion needs to be reformed," and the motion was ably defeated by Bernard Isaacs and Avron Polakow.

First debate of the second term was with KES and Johannesburg Girls' High (Barnato Park). The motion, "Public opinion governs our lives," was defeated.

● Next came our first bilingual debate—against Helpmekaar. The subject: "Ill health improves the character." Not so, was the decision.

Our final external debate was with Waverley Girls. For discussion: "Television is an invention to be regretted." Outcome: NOT to be regretted.

● The society sent nine speakers to Herzlia, where they took part in a trilingual symposium. Subjects were made known a half-hour before debates. KDHS won the English, lost the Afrikaans and drew the Hebrew discussions.

Last debate of the year was against the Staff, with the subject, "Human nature never changes." Dr. Thomas and Mr. Lowry fought tooth and nail against the scholars, but they were defeated by an "obviously superior side"!!

Derek Polonsky

Will study at Seminar

"Parkie" Shull is to study at the

Able Abe

KDHS "councillors"

DEREK POLONSKY and Heather Rosenberg were King David's representatives on the Johannesburg Junior City Council, for 1962.

● Derek was the winner of the trophy awarded to the best speaker of the year.

Next year's "Councillors" from KDHS are Elizabeth Gluckman and Alan Epstein. Alan seems to be following family tradition: his father, Mr. D. H. Epstein, was a prominent city councillor and member of the Transvaal Provincial Council.

Well turned-out?

Neville Fluxman (KDHS 1960) has returned from a spell of study at the Tailor and Cutter Academy, London.

APRONS FOR SALE

After the recent fete, it was discovered that a parcel of aprons had been overlooked. These aprons are beautifully made and of a very pretty design. They are attractively priced and can be purchased from Mrs. Joyce Barnett (phone 42-2713).

BNEI MITZVAH

December's Barmitzvah boys are:

EVEN the brightest "brains" would have a hard time for the reply to "Who is Abel Moletsane?"

The answer is simple. Moletsane is a ubiquitous, typically legendary character known to hundreds of present Davidians — parents — as "Molife".

● How did he come to be "enrolled" at KDHS in 1958, fulfilling an intention expressed when he was knee-high to a dictionary?

● Molife is the Ladie indispensable Man. Factotum par excellence secretary and staff; re property . . . he does anything except teach. But deal pupils can learn from line of devotion to duty.
