Dear Mr. Caddy,

Your letter on behalf of the Board of Directors was received by me with surprise and great pleasure.

To be the subject of such a generous gesture on their part has made me realise the honour which has been paid me, and I am very proud to accept the bursary granted. This will be a constant encouragement to reach the highest peak of achievement in my studies overseas. I, therefore, hope I shall justify the Directors' faith in my abilities and return to South Africa in due course fully competent, knowing that I have received the best possible training in my profession.

Please convey my appreciative thanks to the Directors and assure them that all my efforts will be directed towards proving that their confidence in me is not misplaced.

Yours truly,
