WHAT'S IN THE PIPELINE?"

- 1) A quarterly magazine will be produced. Articles by prominent individuals on important issues, as well as reviews on current affairs, will be published. It is hoped that this will stimulate to provide thought and debate in the Jewish community. If you would like to participate in the project, contact Anton at 47-7946.
- 2) A "campus contact" sub-committee has been established to bring our organisation to the attention of Jewish students at U.C.T. If you are a student, lecturer, or have other campus connections, you might want to contact Derek at 69-4266.
- 3) A similar group has been established to reach Jewish scholars, both at Jewish and government schools. This group is co-ordinated by Renee (69-1523).
- 4) We view ourselves as an integral part of the Jewish community, both in South Africa and internationally. We would like to keep close contact with a wide range of Jewish organisations. If you have any connection with other Jewish organisations, both here or abroad, we would like to hear from you.
- 5) Conscription to the SADF is an issue affecting many of the Jewish Youth. There is a JFJ sub-group of young men and women who are concerned with moral issues thrown up by the prospect of serving in the SADF. If you are interested in attending their meetings contact Anton (47-7946).
